SOUTH NEWFANE.

Services at the Baptist church next Sunday will be as follows: Morning service at 10.30 (making the hour for opening 15 minutes earlier than formerly). Theme, Echoes from the Baptist state convention or What Happened to South Newfane's Delegates? Bible school at 11.30; and praise service at 7.30 p. m.

News has been received of the death of Dr. Samuel Hanson, one of the oldest physicians and distinguished citizens of Somerville, Mass. He made his first visit to this village more than 40 years ago. Since the coming of the summer colony here, with Mrs. Hanson, he had been a guest of their brother-in-law, E. Milton Dexter, at various times, and he has left many warm friends among local residents. A more extended notice of him will be given.

Although it was not so called, last Sunday became a sort of Old Home day for a number of former residents who came back and attended the Baptist church. Among them were Mr. and Mrs. Caleb B. Lamson, Mr. and Mrs. Raymond L. Brooks and daughter, Dorothy, all of Brattleboro, William B. Bailey and sister, Mrs. Ernest (Hattie Bailey) Sanders, of Agawam, Mass. Mr. and Mrs. Lamson were accompanied by Prof. W. E. Rafferty, Ph. D., of Philadelphia, one of the speakers at the Baptist state convention, also by their two granddaughters, Misses Lois and Barbara Lamson of Philadelphia and Newfane.

WIDOW FORFEITS

MILLIONS TO WED

Mrs. J. C. Mayo Gives Up Immense Fortune to Become the Bride of Dr. Fetter.

HUNTINGTON, W. Va., Sept. 29.—Mrs. John C. Mayo, widow of a Kentucky coal operator, has forfeited \$10,000,000 to become the bride of Dr. Samuel E. Fetter of Portsmouth, Ohio. The wedding took place at the home of C. A. Preston, postmaster in Ashland, Ky. Her two children will get their mother's share in their father's estate, through a provision of the will.

John C. Mayo attracted attention by reason of his sudden climb from the position of a country school teacher at Paintsville, Ky., to that of one of the biggest individual coal operators in the country. Starting out by acquiring options on squatter's claims in the Kentucky mountains, he sold them for \$250,000. With this he established a number of coal companies.

Two years ago he became ill and was rushed on board a special train to New York city, where he had the services of leading surgeons and physicians. A transfusion of blood was necessary and his brother, Washington Mayo, made the sacrifice. It was useless, the coal operator dying a few days later.

A year following Mayo's death a woman giving the name of Mrs. Estelle Cooper Gay attracted attention by applying to the Cincinnati police for aid in recovering her 8-year-old daughter. She said she had been a friend of Mayo and he had provided for her. Immediately following his death, she told the police that she had been hounded by private detectives and finally her daughter had been taken from her.
